DETAILED ACTION

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) The invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 12, and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Dunn et al. [U.S. 6239579].

With respect to claim 1 (Currently Amended), Dunn discloses a rechargeable battery [Fig. 3, col. 2 lines 1-4] which includes a plurality of connected cells [Fig. 3, comprising cell 1-cell n], comprising: a first electrode configured to extract electric power from the battery [Fig.3, the node between cell n and battery current]; and a second electrode which is different from said first electrode and is configured to charge and discharge each of said plurality of cells individually [Fig. 3, any of the positive nodes of cells 1-n; col. 2 lines 11-25].

With respect to claims 2, 3, and 13 (Currently Amended), Dunn discloses a switch [Fig. 3, A1-A3, B1-B3] configured to electrically separate said plurality of cells from one another [col. 2 lines 25-37] when the battery is attached to a charger [Fig. 3, single cell battery charger].

With respect to claim 12 (New), Dunn discloses that the battery is a battery pack [col. 2 lines 1-4] in which said plurality of cells are assembled.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-3, 12, and 13 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
